Mr Mayor and Gentlemen:
Your Committee to whom was referred this question of street lighting, had a meeting this morning and after some deliberation and consideration of the subject, had an interview with Mr Ewing and as a result of that interview and conference we have this proposition to submit to the council. I would say that the basis for lighting, finally agreed upon, is not the basis on which

any bids were received by the council. The basis on which bids were received by the council, seemed to the committee, while perhaps desirable yet, perhaps less desirable than the basis that we finally agreed upon. I would make this proposition for an agreement as a report of our interview.

Mr Willis then read the report or agreement upon which Councilman Forbes moved that the report of the committee be adopted and the mayor instructed to close contract in accordance with that report. Motion received no second and was therefore lost.
