The City of Ottawa requires that all dogs within the city limits be licensed. City ordinance limits the amount of dogs per household to four (4). Licenses must be renewed on an annual basis and may be purchased at Prairie Paws with proof of current rabies vaccinations and spayed or neutered information.

Prairie Paws Animal Shelter: 3173 HWY K68, Ottawa, KS 66067 (785)242-2967

Permit forms are required and are available on the website at http://www.ottawaks.gov/departments/planningcodes/homeowners/tabid/96/default.aspx and at City Hall Utility desk. There is not a charge for this permit. City wide garage sales do not require a permit.

Kiosk—101 S Hickory
West side of City Hall parking lot

AMP Plan

The City of Ottawa has implemented an average monthly payment (AMP) plan in order to provide city utility customers the option of averaging their utility bills throughout the year. This may help utility customers during the heavy use months of summer. Additional information is available on the city website or by calling Utility Office.

Service Charges

The City of Ottawa does not charge a deposit for utility services. However, the city does have non-refundable service charges that are added to your first bill. The current service charges are $35 for water service and $35 for electric service.

Late Fees

Each customer shall make payment of the amount shown on the bills upon receipt of bills. If the amount due is not paid before the penalty date, the account shall become delinquent. Service may be disconnected for non-payment five days after the penalty date.

Return Payments

Non-sufficient Fund fees for checks and credit cards are $35. Returned ACH NSF fees are $35. If payment is returned on attempt to collect any past due bills, services are subject to immediate disconnection.

Storm Water Fees

A storm water utility program has been implemented and billed to the customer in order to raise money to pay for the storm water management program and additional compliance activities. Residential customers have a $4 fee each month. Business rates are calculated at a rate based on $4 per 2,600 sq feet of property owned each month. Contact City Hall for additional information on the storm water fee.

Reconnect Charges

Service may be disconnected for non-payment five days after the due date. There is a $35 reconnect charge for each utility disconnected if service is reconnected Monday through Friday, 8 a.m. to 5 p.m. On weekends or after hours, there is a $45 reconnect charge for each utility disconnected. Service can be reconnected by paying the amount past due plus the reconnect fees in full.

Sewer Fees

The City of Ottawa has a monthly median sewer charge which is currently $35.29 for all newly established residential sewer accounts. Once service has been established, the sewer charge is based on your water billed during the months of December, January, February and March. An average is taken of these four months which is multiplied by the current volume charge plus a base charge. This fee is examined and re-calculated in April of each year or if a customer relocates, the sewer rate reverts back to the median charge. In addition, the City of Ottawa charges a $5 monthly sewer surcharge which repays the debt for the Wastewater Treatment Plant; this charge will sunset when the debt is paid off.

Moving & Discontinuing

Customers wishing to discontinue service with the City of Ottawa need to fill out a Customer Request for Disconnect form. These forms are available at www.ottawaks.gov and at City Hall.
