

THE SCOOP ON PET WASTE

PET WASTE LEFT ON THE GROUND ENDS UP IN OUR WATERWAYS AND POLLUTES THE MARAIS DES CYGNES RIVER WITH HARMFUL BACTERIA LIKE **E. COLI**.

TO PREVENT POLLUTING OUR WATERWAYS:

-  Clean up after pets on public property or right-of-ways.
-  Always carry a plastic bag or pooper scooper when walking your pet.
-  Dispose of pet waste in a TRASH CAN. Do not leave bagged waste on the ground, that's littering.
